Sub: - Structural Design for the work of a demo building roof in FRBL – Invitation for Quotation:-

TO WHOM SO EVER IT MAY CONCERN

The FACT RCF Building Products Ltd (FRBL) is a Joint venture of The FACT & RCF. The plant is set up at Kochi for manufacturing Gypsum based Building Products “**Glass Fibre Reinforced Gypsum (GFRG) wall panel (Load Bearing Panels)**”. GFRG Panels can also be used for composite structure also. Prefabricated walls are of 12 m long and 124 mm thick have 3m height.

We have a two storied demo in FRBL, which has two floors in each floor 120 Sqm. plinth area. It is now use as admin office annex. The detailed drawings of the existing demo building are attached. We are planning to construct a roof over first floor for using seminar/training hall. In this connection we are planning for economical design for the construction of roof over demo building with lowest cost.

Hence we are inviting quotations from the competitive agencies/experienced structural engineers, for preparation of structural design & drawings for the same. We are looking forward your lowest quote for the same at the earliest. The quotations may address to undersigned and may send through post/courier or by hand or through email to “**pmcfrbl@gmail.com**”.

The detailed design along with all structural drawings should be furnished within one (1) month time from the date of issue of work order on successive lowest bidder.

The last date for submission for quotations is 30-06-2018.
